# OVERVIEW

---

“BOUERY S.A.R.L” is a growing company in the mechanical and steel industry and has been in the business for several years.

Decades of experience in mechanical and steel fabrication works enables BOUERY to provide the most effective solutions for every unique project requirements.

Our professional team in fabrication and installations work round the clock only to satisfy our customers.

We are dedicated to the philosophy of honesty and fairness with our customers and employees, we feel that nothing surpasses the need to give our customers the quality of workmanship they pay for and deserve.

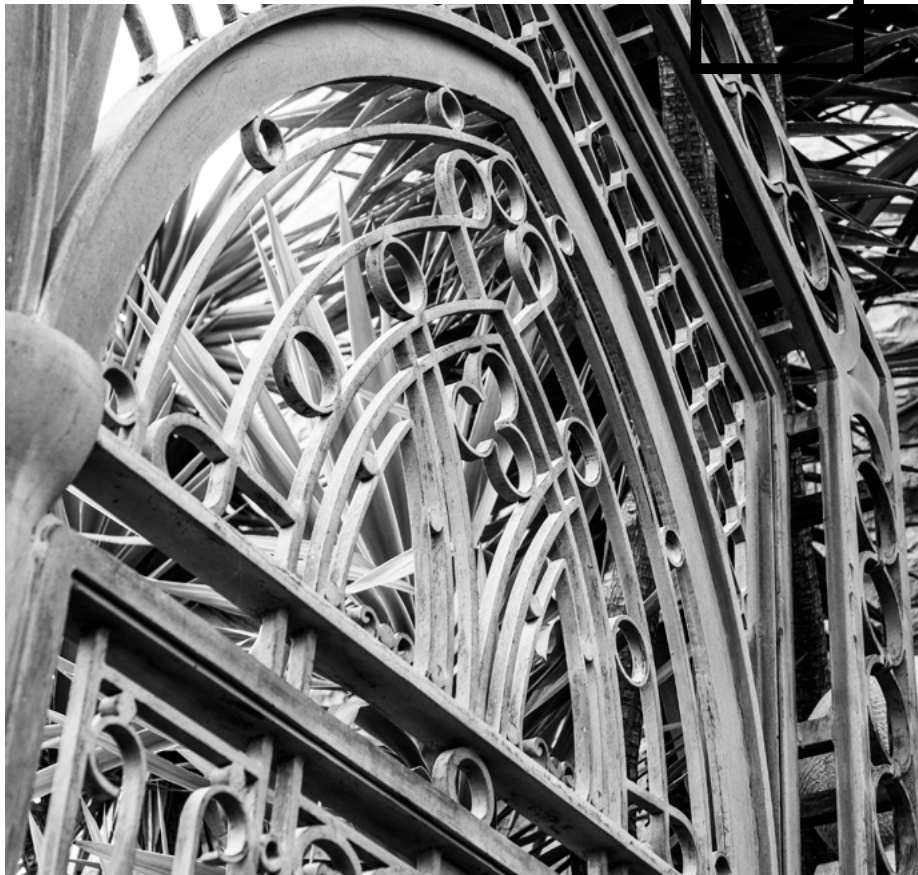

## ABOUT US

“BOUERY S.A.R.L” founded in 1992 by Mr. Elias Bouery after more than 25 years of experience in Mechanical Contracting; our company has now expanded into a major mechanical contracting and steel manufacturing, supplying and installing high products for the Lebanese market.

Through our dedication and vast experience we have managed to be part of the biggest project in Lebanon, we even expended in assisting our clients in other countries (Nigeria, Algeria, Zambia...).

Our sustained growth is based on the continuous development, workflow and personnel through updated technologies and training for new methods and applications in our projects.

03

## QUALITY

BOUERY is committed to provide and delivering high quality products and services by maintaining a quality management system that meets and exceeds the needs and expectations of our interested parties, and also satisfy their requirements.

We are committed to continual improvement of the quality management system & excellence in every activity of delivering quality products and services by adopting innovative and management system practices, as part of our efforts to enhance customers' satisfaction, timely completion of projects and reducing customers' complaints.

### OUR VALUES

- Innovations
- Teamwork
- Creativity
- Satisfaction
- Delivery

### OUR MISSION

To deliver quality & value through maintaining a quality management system that provides our clients with quality products.

### OUR VISION

To be preferred partner in mechanical and steel industry.

This is achieved by ensuring that

- The quality policy is being communicated and understood by all employees.
- This commitment is demonstrated through the implementation and maintenance of the QMS requirements of ISO 9001: 2015 so that it supports our products & services' quality & provide a framework for setting up quality & business objectives, while also supporting health, safety & environmental Standards and also by employing a risk based thinking approach in all our processes to enhance customers' satisfaction
- All customers, both internal & external are treated with respect in all business transactions.

APPLIES FOR THE  
DOUBLE SKIN CHIMNEYS.

# HEALTH & SAFETY

Safety is a fundamental priority to BOUERY and has been built into our everyday work culture. Our aim is to avoiding injury, pursuing the safety, security & health of our employees and the public at large and minimize the impact on the environment in which we operate.

In this regard, appropriate safety measures are put in place before, during and after any work while we strictly adhere to our Health, Safety & Environment policies.

We recognize safety awareness and training as a key player in preventing accidents and incidents. Our employees therefore receive extensive training and safety awareness by way of regular and periodic safety talks the overall aim is to educate them on how to perform their duties safely, properly and in compliance with applicable local regulations and standards.

“OUR REPUTATION AS A MAJOR IS A DIRECT CONSEQUENCE OF OUR TRACK RECORD OF COMPETENCE & RELIABILITY IN THE DELIVERY OF QUALITY PRODUCTS AND SERVICES TO OUR CLIENTS”

# OUR FACILITY

BOUERY's manufacturing / fabrication processes are currently being carried out at our fabrication facility in Hosrayel, Lebanon. Depending on the complexity and requirements of some projects, pre-fabrication is carried out in our facility while final erection or integration is carried out on site in line with approved methodologies and procedures.

All manufacturing / fabrication processes are done based on detailed drawings received from clients of each project and approved by the client for manufacturing. The process is controlled by a production manager, fabrication foremen and supervisors.

BOUERY's offices and main fabrication facility is sited on a land mass of approximately 3500 square meters, about 10 minutes' drive from Jbeil/Byblos.

We have, within facility, a number of workshops specially dedicated and adequately equipped for the fabrication of industrial, structural and decorative products.

## EQUIPMENT

- CNC Plasma cutting machine
- Hydraulic rolling machine
- Hydraulic bending machines 90 tons
- Hydraulic cutting machines
- Hydraulic pressing machine 500 tons (Dishend)
- Hydraulic pressing machine 250 tons (Dishend)
- Hydraulic pressing machine 100 tons (Dishend)
- Hydraulic pressing machine 80 tons (Dishend)
- Flanging Machine (Dishend)
- CNC automatic seam welding machine
- CNC roto Plasma machine
- Hydraulic Elbow maker machine
- Hydraulic Expansion machine
- Pneumatic grooving machine
- Pointeuse
- Punching machines

# PROJECT PROFILE

## List of major project- Services / Mechanical Project:

### EQUIP ENGINEERING

CITY MALL, DORA  
Project Period: 2005  
Description: Chilled water system  
Consultant: Barbanel

### LAU ENGINEERING LAB

JBEIL  
Project Period: 2015  
Contractor: Equip Engineering  
Description: Chilled water  
& firefighting system  
Consultant: Rafic Khoury

### ALGORITHM

ZIKRIT  
Project Period: 2018  
Contractor: Khater engineering  
Description: Chilled water system /  
firefighting system / Plumbing  
Consultant: Samir Gemous

### ROSAIRE HOSPITAL

GEMMAYZE, BEIRUT  
Project Period: 2012  
Contractor: Ncc  
Description: Chilled water system  
Consultant:

### VOX CINEMA

BEIRUT CITY CENTER, BEIRUT  
Project Period: 2014  
Contractor: Climate Technology  
Description: Chilled water system /  
firefighting system  
Consultant: Fouad Hanna
